

St.Joseph`s Lower Basic School  
Basse Manneh Kunda  
Upper River Region  
21<sup>st</sup> November 2014

Dear Dan,

Greetings from the special needs class and the entire school .we thank Mohammed, Chris and Malcom through you for providing funds to educate the deaf children in the most remote area in the provinces, without which these children would not have had the opportunity to education

We appreciate your support to the disable who are always marginalised in the society .

There is total enrollment of twenty three students for 2014/2015.then are registered from three catchment villages but due to accessibility because of distances they have not yet reported .

They are four in sotuma sere, two kumbijang , and four in Demba Kunda.

Plans are on the way to see who we can ferry them to Basse by end of the month.

Below is an attached of the three grade photos and their teachers .grade one (7students) grade two (6 students ) and grade 3 (10 students )

Thanks and best wishes .

Sang Pierre Mendy

Head Teacher
